

## Development of a biobank for Future Research Projects

---

Blood samples for future research projects can be archived free of charge at the University of Bern. If you would like to contribute a sample of your dog for the buildup of our biobank, please send

- **2 to 5 ml EDTA blood** (clearly labeled with the identity of the dog),
- this **completed form** and
- a **copy of the pedigree**

in a jiffy bag at room temperature to:

**Institute of genetics  
University of Bern  
Bremgartenstrasse 109a  
CH-3001 Bern**

### 1. Animal information

---

Breed	<input type="text"/>	Date of sample taking	<input type="text"/>
Name	<input type="text"/>	Kennel	<input type="text"/>
Registry ID	<input type="text"/>	Chip No.	<input type="text"/>
Date of birth	<input type="text"/>	Sex	male <input type="checkbox"/> female <input type="checkbox"/>
Coat color	<input type="text"/>	Sterilized	yes <input type="checkbox"/> no <input type="checkbox"/>
Healthy	<input type="checkbox"/>	Disease/diagnostics (if applicable please add copies of the diagnostic findings)	<input type="text"/>
Remarks	<input type="text"/>		

### 2. Owner information

---

Name	<input type="text"/>	First name	<input type="text"/>
Street, No.	<input type="text"/>	Country	<input type="text"/>
Postal code	<input type="text"/>	City	<input type="text"/>
E-mail	<input type="text"/>		

I agree that the sample material of the above-mentioned animal may be used for scientific research projects. The leftover sample material will belong to the University of Bern.
